COLLECTION OF SCRAP METAL LAGS

[This year's scrap metal collection drive seems to be meeting with apathy. Even the young people who first responded to the call in other years appear to be disinterested. Criticism similar to the article summarized below also appeared in the 16 and 17 April issues of Szabad Nep.]

Despite good results in some of the megyek, DISZ (Dolgozo Ifjak Szovetsege, League of Working Youth) committees in many parts of the country have failed to organize the scrap metal collection drive properly. In Somogy megye, for example, collection was neglected to such an extent that the committee achieved only 15.8 percent of its plan.

Although it is already the middle of the month, many parts of the country are just getting ready to begin the drive, and the young people have accomplished practically nothing.
